District and School Offices Closed

Dear Parents and Guardians,

We want to thank you again for making sure your child(ren) attended our summer school program. The feedback we received from students was that in addition to the academics, they enjoyed the variety of enrichment classes they selected e.g. art, guitar, recorders, robotics, computers, dance, and much more. We closed the summer program with an exciting water themed event. We look forward to your everyone's return in August.

Please note the following information items:

District and School Offices Closed - These offices will be closed from July 17, 2023 through August 1, 2023. These offices will reopen on August 2, 2023 and 8:00 a.m. Should you need assistance during this time period, please call the school office at (831) 679-2313 Ext. 101 to leave a message or send an email to rpulido@chualarUSD.org. We will do our best to respond to your inquiry.

School Cleaning - Although you may see visible movement on the school campus, this does not mean the school is open. Our maintenance and custodial staff will be busy working and preparing the whole school for the return of teachers, staff and students. Please respect this critical time period.

School Supplies - We were pleased that parents consistently requested a list of supplies from teachers in order to ensure their children were ready for focused study. We sent out this supplies to all of our parent and guardian community. Thank you for ensuring the academic success of your child(ren) because of their preparedness with recommended school supplies..

First Day of School - Please remember our first day of school is August 10, 2023. Please make sure your child arrives at school on time on a daily basis. After taking the role, teachers share the daily agenda and begin their first lesson of the day. We do not want your child to fall behind at the beginning of the day and not be able to complete the lesson assignment.
