FAX: 831.679.2071

---

Dear Parents and Guardians,

This emergency message is to inform you we have been experiencing periodic power outages at Chualar School. As I write this note we are at 100% power outage. Our network/ internet is currently Down. Thanks to our staff, who are working from home, we are able to send out this important message. Per information from our MCOE and the office of emergency services, we understand that 90% of our Chualar community is also suffering the power outage. We hope you are doing well. For now, please keep checking for updates from Chualar School. We anticipate full electrical recovery by the end of the day (although this is not guaranteed).

My latest message for you will be sent at 6:00 am on Wednesday morning to confirm school will be open and classes back on schedule. We will be on minimum day schedule upon our return (Wednesday through Friday). Please stay safe and follow the emergency prep recommendations we sent out in an earlier message. Please tell your children we miss them at school. Stay safe.

Ruben Pulido

Interim Superintendent/ Principal
