Parent Forum SCHOOL UNIFORMS

July 19, 2023 - 6:00 p.m. School Cafeteria

Dear Parents and Guardians,

We cordially invite you to a parent forum where the discussion will be about the process for bringing back the use of school uniforms. As parents and guardians, we set the example that leads to the academic success of our children. We are hopeful that you also believe uniforms keep students focused on their education, not their clothes. School uniforms create a level playing field among students, reducing peer pressure and bullying. Wearing uniforms enhances school pride, unity, and community spirit. School uniforms help improve attendance and discipline. We look forward to hearing about your effort to support school unity.
